Letter of Support The Nginn Karet Foundation for Cambodia Troupe Tour to the United States

It is my sincere honor to extend my support to the Nginn Karet Foundation for Cambodia's Dance Troupe (NKFC) for the forthcoming performance tour to the United States during our auspicious days of "Pchum Ben" or Prayer to Ancestors.

Given the successful creation of the Conservatoire NKFC Preah Ream Buppha Devi in a remote village of Banteay Srei District, Siem Reap, Cambodia since 2007, I am very proud to see that the NKFC artistic activities, are presently contributing to the preservation and promotion of our traditional dance and music in Cambodia and also abroad.

As the forthcoming tour will be visiting many Cambodian-American communities in the US, it is expected that the event will be a special opportunity for the young performers to connect the diaspora communities with their motherland culture as well as to showcase Khmer classical dance and traditional music to American audiences.

I wish the performance tour the best of success.

Sincerely yours,

A handwritten signature in blue ink, appearing to read "Hong L. Net".
