Mr Moeng Vuthy
Governor of Banteay Srey District
Siem Reap Province
Cambodia

Thursday 7th March 2013

Dear Governor,

As discussed with you previously, I am writing to you to appeal to your full support on our plan to take our best 23 dancers and 7 musicians along with our 4 teachers from the Conservatoire NKFC Preah Ream Buppha Devi, Chhouk Sar, Banteay Srey to an important Tour in the USA early October for the Pchum Ben of the 15th October 2013 to conduct Sacred Dance Rituals "Buong Suong" in the Cambodian Pagodas for the Cambodian-American Communities and also to commemorate the first year of the passing away of our beloved King Father Norodom Sihanouk.

It will a very special way to connect with our blood compatriots and we will be giving some performances to a larger audience in order to promote the Khmer classical and folk dance repertoire and traditional music with the children of the land of Angkor.in Beanteay Srey, UNESCO World Heritage Site.

We will be covering Cambodia Town in Long Beach - California, Washington, Cambodia Town in Lowell - Boston- Massachusetts and New York with the mission to spiritually bond and bridge the Cambodian-Americans Communities back to our Motherland and promote our ancestral art of dance and music.

In order to prepare this important October Tour I will be going with 2 dancers and one dance teacher early April to the places named above where we will take the opportunity to celebrate and welcoming the New Year's Angel Thungsak Tevi, first daughter of Kabil Moha Prum, entering the New Year 2557 of the Year of the Snake.

I am very pleased to let you know that we have been invited to attend the EG Conference in Monterey California on the 18th, 19th and 20th April and for a workshop in the National Dance Institute in New York at the end of our Tour for April as well as October.

As you can imagine all the children are very excited and striving to do their best to be chosen but understand that there is no room for jealousy as they would all have eventually their turn since it is important to have the best dancers to open the path for their future.

It will be a unique, wonderful and memorable experience for them coming from humble background in remote villages with no electricity nor running water to have this opportunity to promote their legacy fitting to them born in the heritage site. This will definitely give them the credential and hope for a brighter future in their life of professional artists and the pride to be the flag of Banteay Srey.

I would be grateful if you could as Governor of Banteay Srey give us your full support and approval for the children to participate in this Tour, thank you.

Sincerely yours,
Lct Kantha Ravynn Nginn Karet
Founder Chairman

EG Invitation Attached

No. 111 . Seen and approved

The Governor of Banteay Srey District
Mr Moeng Vuthy.
